

Hands on flight training!

# HAWKS R/C

## Junior Aviators

Since  
2002

"Teaching kids the Wright stuff, one flight at a time"

Both fixed wing and  
Helicopter\* flight training.

## R/C Flight Training

**FREE!**

### The Hawks program is looking for a few young adults interested in model aircraft.

#### Who are we?

The Hawks program is a not-for-profit organization made up of local hobbyist providing, as a public service, free radio control flight training to area youth. There is no charge to join or fly, kids learn at their own pace and they can enter or leave the program at any time they wish and are under no obligations.

construction and  
Repair help

Safety is our primary focus.

#### WE'RE HERE TO HELP

If you or someone you know has an interest in any form of model aviation come see us. Whether it's Radio Control, Free Flight, Controlline, or rockets, from airplanes to helicopters, big aircraft to small indoor foamies, gas or electric, we're here to help you have a safe and fun flying experience. Again the program is free of charge and there is no obligation. Stop by the club field and check us out.

#### FLIGHT TRAINING

With our hands-on approach to flight training, students will be taught all aspects of flight, from the basic aircraft controls, to equipment care and maintenance, to flight maneuvers like loops, rolls, stalls, and even inverted flight. We finish up the training with take-offs and landings leading to the final goal of a student's solo flight. Our one on one instruction focuses on proper flight techniques with a strong emphasis on safety, both in the air and on the ground. All flight training utilizes Hawk's program aircraft along with the use of dual transmitters for safety. Program Instructors are volunteer seasoned R/C pilots from local R/C clubs.

Hanger9  
Pulse

Our low wing trainer

Look us up on Facebook  
"Hawks Junior Aviators"

Parent involvement  
is encouraged.

SPECTATORS  
ARE ALWAYS  
WELCOME

Flight instruction  
in either Electric  
or Glow fuel.

We also fly "indoors"  
at the Mexico Middle School  
during these long cold CNY winters.  
(Contact MexAir for dates and times)

No cost, no obligations, and no strings attached!  
We have all the aircraft and equipment necessary  
for the program. So there is nothing a new student  
is required to purchase.

#### The Summer Flying Season

The summer flying season starts the first week in June and continues until the last week of August as follows.

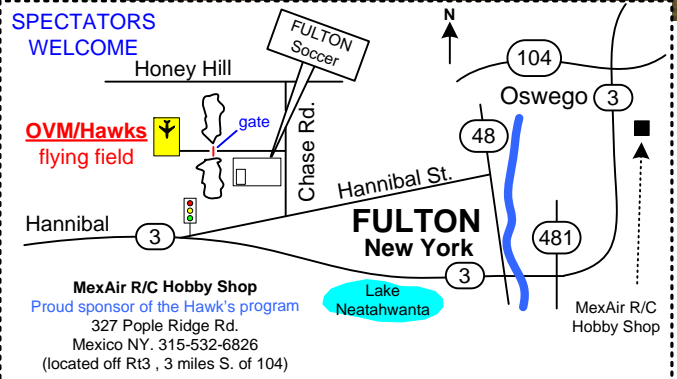

#### The OVM field in Fulton:

Tuesday evenings from 6 to 8pm and  
Saturday afternoons from 1 to 3pm.  
(weather permitting of course)

the SIG LT40  
Hawk's primary trainer aircraft

SPECTATORS  
WELCOME

MexAir R/C Hobby Shop  
Proud sponsor of the Hawk's program  
327 Pople Ridge Rd.  
Mexico NY. 315-532-6826  
(located off Rt3, 3 miles S. of 104)

MexAir R/C  
Hobby Shop

#### Membership is limited

Call for more information: Tim 806-7001, Dennis 297-0076 or  
Marty at MexAir R/C Hobbies, or  
stop by the Hobby shop or the OVM flying field  
(Spectators are always welcome)

\* Providing a helicopter Instructor is present.

The Hawks are supported by donation from people like you. If you would like to donate please contact one of the above.  
The Hawks training program admits youth of any race, color, and national or ethnic origin.
